Dear parents/caregivers

Thank you for your interest in seeking to enrol your child at Caboolture East State School.

Across our school, we believe that education is life and every person is worthy of dignity and respect. Our classrooms mirror the kind of society in which we want our students to live and lead. Success is achieved by building strong, caring relationships and nurturing productive learning environments. The school's curriculum is aligned with the Australian curriculum and is taught in ways that individualise learning to maximise the capacity of each and every student. The use of digital technology helps our students achieve success as 21st Century learners.

Information contained in this enrolment pack will provide support for you and your child/ren as you enter our school community. We hope it assists your family to become familiar with the many opportunities available for you to become involved in your child's education.

Each family seeking to enrol in our school is invited to make an appointment for a personal interview. Appointments can be made by calling the office on 5431 6111 during office hours.

We are looking forward to working with you and your family in the pursuit of excellence and wellbeing for your child.

I look forward to meeting you!

Kind regards

Amanda Wicks
Principal
